

## COMPANY PROFILE

ProKarma is a global IT solutions company that brings full-scale technology expertise and implementation capabilities to inspire, empower and drive our clients to focus on what they do best.

Our team of more than 2,500 experts works with leading companies to help bring innovation, productivity and results to the forefront through strategy and consultation, custom solution development, technology integration and implementation, infrastructure services and more.

Applying our framework, processes, people and global delivery capabilities, we help companies take advantage of latest technologies to fuel faster time to market and go-to-market initiatives while helping them seize current opportunities and anticipate future change.

ProKarma operates in 21 offices across the United States, India, Argentina, and Peru and has been ranked among the fastest-growing IT services companies in America in the Inc. 500.
